

CARE & MAINTENANCE – MELTECA LOW PRESSURE LAMINATE

CLEANING

Wash down with warm soapy water. For best results use streak free glass cleaner with a soft cloth. For textured finishes (Pearl, Puregrain and Woodgrain) the periodic use of a soft brush may be necessary for the removal of dirt build-ups and residues left by some spray on cleaners.

Never use any of the following abrasive cleaners: Jif, Ajax, Chemico, Brasso, oven cleaners, neat Janola, wire wool, scourer pads, sandpaper.

SPILLAGES

- Hair rinse, Janola (neat) Harpic, oven cleaners – wipe with hot soapy water, then wipe dry.
- Fabric dye – wipe with cold water, then wipe dry. Then apply methylated spirits and wipe dry.
- Battery acid, hydrogen peroxide, glue hardeners – wipe with cold water, then wipe dry.
- Hair dye – wipe with methylated spirits, then wipe dry.
- Leather dye – wipe with methylated spirits, then wipe dry. Follow with mineral turpentine, wipe and wipe dry.

STAIN AND MARK REMOVAL

- Stubborn marks or stains – apply Handy Andy or diluted Janola (1 part to 3 parts water), then wipe down with a warm damp cloth.
- Smearing, finger marks, marking from cold or hot dishes, stickiness – apply 1 or 2 applications of acetone (available at pharmacies) and wipe over with dry cloth.
- Newsprint – use methylated spirits or mineral turpentine.
- Rust – use vinegar or lemon juice.
- Pencil – use water and a damp cloth.
- Felt pen or dry marker - use methylated spirits or acetone.
- Paint – use acetone or Duco Lacquer thinners (from a paint shop).

- Glue – contact type – use Ados Solvent N (from a paint shop).

Once again with any of the above use streak free glass cleaner to remove any residues.

Thank you for purchasing from our MELTECA Low Pressure Laminate range. We hope you enjoy your cabinets for many years to come.
